

With the same compassion, warmth and humor as her previous books, Maeve Binchy once again tells a story of family and friends caught in the clash between old and new Ireland.

HEART AND SOUL is a stunning new novel that could only be written by **Maeve Binchy**

Dr. Clara Casey thought the position she coveted as senior cardiologist was hers. Instead she's offered the thankless job—a consolation prize, as she sees it—of establishing a rehab heart clinic that's clearly unfunded. Clara has enough on her hands, already coping with two difficult adult daughters, Adi and Linda, and the unwanted attentions of her handsome ex-husband Alan. But she reluctantly accepts the job, promising to leave after one year.

Readers will be drawn along with Clara into the world of the clinic: this challenging yet hopeful place where lives are saved, courage is rewarded, and humor and optimism triumph over greed and self pity as only Maeve Binchy can tell it.

Praise for *Whitethorn Woods*:

"A remarkably gifted writer [and] a wonderful student of human nature." —*The New York Times Book Review*

"*Whitethorn Woods* is Binchy's best read in a decade.... Few contemporary novelists match Binchy's gift for giving us the world through her characters' eyes." —*The Globe and Mail*
