

From the internationally bestselling author of *The Brotherhood of the Holy Shroud* comes a compelling novel that combines past and present in a riveting search for the source of Genesis itself. With rights sold to over twenty-five countries to date, **THE BIBLE OF CLAY** continues Navarro's stunning sales and rights record internationally.

In her provocative second novel, Spanish author, Julia Navarro takes readers on an exhilarating journey across centuries and continents, as an upstart archaeologist and a murderous group of conspirators vie for a treasure that will rewrite history—an explosive account of the world's creation recorded millennia ago by a humble scribe onto the legendary Bible of Clay.

From the tense months preceding the contemporary war in Iraq, to the ancient Mesopotamia, to the atrocities of the last century, here is historical fiction at its richest, a sweeping saga that challenges both conventional geopolitics and the very foundations of modern religion.

JULIA NAVARRO is a well known Madrid-based journalist who is currently a political analyst for Agencia OTR/Europa Press and a correspondent for other prominent Spanish radio and television networks and print media, including a weekly column for *Tiempo* magazine.

**Praise for
THE BROTHERHOOD OF
THE HOLY SHROUD**

"Plenty of action and a cast of well-drawn characters will satisfy Da Vinci Code fans."
—*Booklist*

"An exuberant, deeply involved thriller...Spanish journalist Navarro distinguishes her fiction debut from routine suspense fodder by ending this convoluted tale with realistic ambiguity rather than wrapping up all the loose ends....Terrifically lively characterizations and the author's passion for her subject make this one stand out."
—*Kirkus*

"Your chance to read the book that knocked Dan Brown's *The Da Vinci Code* off Spain's best seller lists."
—*Library Journal*

"She writes well (and is beautifully translated by Borges' recent translator, Andrew Hurley) and her characterizations are strong."
—*The Observer (UK)*
