Derek Cutter just wants a little privacy with his girlfriend, which is hard to come by in high school. The perfect opportunity presents itself when his neighbor and best friend Adam goes on vacation for a week with his parents, leaving behind an empty house. Well, empty until the Langleys return early and are unexpectedly killed—with Derek still hiding in their basement. Before he knows it, Derek is the prime suspect in the biggest murder case to ever hit this small town, in a plot that is more wide-ranging than anyone initially thought and reaches far into the past. As the secrets start spilling out, it's hard to know who to trust.
